

# Sweepers for small tractors

## FKM 37 Hydraulically or mechanically driven

Impellers 135 x 40 mm

Internal Hydraulic motor

Stepless height adjustment of the sweeping roller

Narrow side drive

X Stepless height adjustment of the sweeping roller

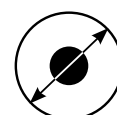

X High quality powder coating

X Different types of rollers for different applications

X Maintenance-free bearing of the sweeping roller

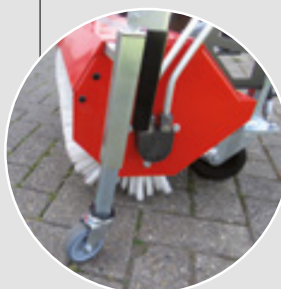

**Working widths**  
125 cm

**Sweeper roller diameter**  
37 cm

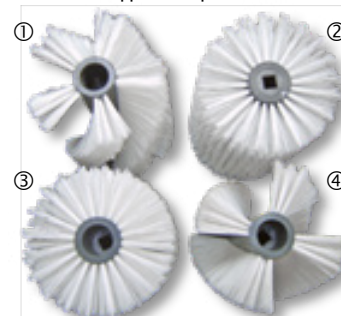

X Option: Practical parking supports for longer storage to prevent damage to the sweeping roller

### Sweeping roller versions

Combi sweeping roller (1), polywire sweeping roller (2), Dirt sweeping roller (3), Snow sweeping roller (4)

Other roller types for different applications applications possible

Sweepers

Measurements

FKM 12537 H-ABR 37

FKM 12537 M-ABR 37

A: Working width straight without side brush [cm]	125	125
B: Working width straight with side brushes [cm]	147	147
Working width diagonal [cm]	110	110
C: Straight passage width without side brushes [cm]	133	133
D: Straight passage width with side brushes [cm]	145	145
E: Length including SSB without attachment frame [cm]	71	71
F: Length without SSB without attachment frame [cm]	40	40
G: Height without attachment frame [cm]	44	44
Brush diameter [cm]	37	37
Swivel angle [degrees]	30	30
Sweeping mirror [cm]	5-7	5-7

Weights

Basic unit [kg]	55	55
Collecting container [kg]	17	17
Side brushes [kg]	10	10

Volume

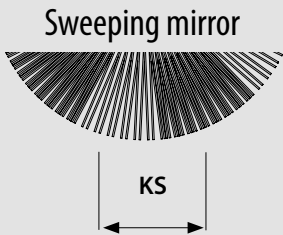

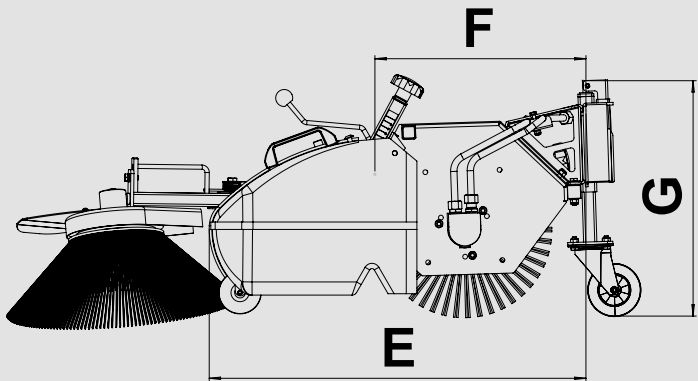

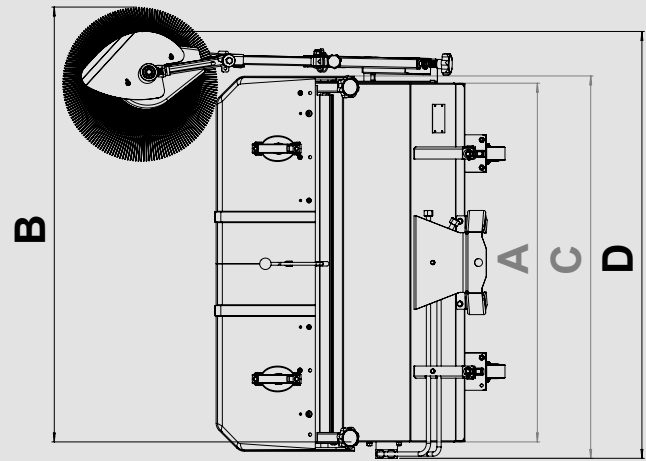

Collecting tank [ltr]	77	77
